Dear Students,

Many of you have been asking about volunteer opportunities to help the campus and community during the COVID-19 outbreak. There are a number of efforts being coordinated at UCSF, including both clinical and non-clinical roles, depending on your interest and training.

We have created a Volunteer Page on the [Student Success website](#) with information and links for opportunities, and will keep it updated as volunteer needs change in the coming weeks.

Please note! Caring for yourself and your loved ones and focusing on your education must remain your top priorities, and there is no obligation to volunteer your time. If now does not feel like a good time for you to volunteer, wait. There will be other opportunities in the future.

Thank you, and stay well!
