Confidential Financial Statement

UCSF Graduate Division / Childcare Grant

PhD graduate students who have young, dependent children in childcare may be eligible for the childcare grant program provided by the Graduate Division. This program will provide funds to assist students with the cost of childcare for the academic year. The application deadline for the next academic year will be announced via email to PhD students and program administrators annually in June.

Grants are based on household resources and may be used to pay for a wide range of possible arrangements, from in-home care to licensed daycare centers. These grants are treated as additional stipend income by the IRS and may be subject to state and federal tax. This grant is not federally funded so international students are eligible to apply for and receive the grant. When completed, this form will be used to evaluate your financial situation in accordance with grant guidelines.

Personal Information

Please attach copy of name page of passport

Surname/Family Name _____ Given Name_____ Gender _____
(as *appears on passport*)   (as *appears on passport*)
