Students whose research or study requires them to remain outside the State of California throughout the quarter may petition to pay a reduced tuition (registration in absentia). Nonresidents of California must pay the nonresident tuition. Students pay 15% of the Student Services Fee and Tuition, full Student Government Fees, and the full Student Health Insurance Premium (unless exempted by waiver). Students are not charged for the Community Centers Facility Fees. If you wish to petition for the reduction of the registration fee, please complete the form below, present it to your Graduate Advisor for approval and signature and submit the completed form to the Office of the Dean of the Graduate Division. A petition to register in this status must be requested annually. Upon approval of this petition, the Office of Admission and Registrar will be notified to reduce your fees for the quarter(s) indicated.
